

Dust-E is the first autonomous industrial cleaning robot of its kind. Enjoy clean floors no matter how big the space! With vacuuming, mopping, and UV disinfecting, Dust-E maintains shining floors - all on its own.

## SPECIFICATIONS

DIMENSIONS	26.9 In. x 19.7 In. x 23.6 In.	CHARGING TIME	3-4 Hr.
WEIGHT	110 lbs	CLEANING SPEED	5,382 square Ft./Hr.
WATER TANK SIZE	3.25 Gallons	MAP RANGE	430,000 Sq. Ft.
VACUUM SUCTION POWER	22kPa	MAPPING TECHNOLOGY	SLAM and LiDAR
BATTERY LIFE	4-6 Hr.	SANITIZING METHOD	UV-C Light Sanitization

## STANDARD FEATURES & BENEFITS

- Dust-E utilizes a map range of over 430,000 Sq. Ft.
- Vacuuming, mopping, and UV-disinfecting all happen at once to maximize efficiency.
- Dust-E can run during low-traffic hours to minimize contact. Walk into fresh, clean floors, whenever you want them.
- Automatically returns to its charging pile when finished.
- Avoids obstacles and people with "sub-second" obstacle avoidance.
- Can be controlled through a smart platform accessible by phone, tablet, or laptop.
